Re: Petition of Senator Dinniman for Interim Emergency Relief; Docket No. P-2018-3001453; Senator Dinniman v. Sunoco Pipeline L.P.; Docket No. C-2018-3001451

Secretary Chiavetta:

I am writing as the representative of 67 river pilots whose jobs depend on a thriving port in greater Philadelphia. The return of service of Mariner East's current service and the completion of the current phases of the project is essential for our sustainment and growth.

Founded in 1896, The Pilots' Association for the Bay and River Delaware is one of the oldest state pilot organizations in the nation and a recognized world leader in the technology, training, and accountability of piloting.

Delaware River & Bay pilots are highly trained and experienced mariners responsible for the safe navigation of commercial vessels on the Delaware River & Bay and its tributaries, the Schuylkill & Salem Rivers and the Chesapeake & Delaware Canal, from the Atlantic Ocean to the head of navigation in Trenton, NJ.

Numerous publications have highlighted the mega-impact of the project on our state's economy and we have seen it first hand. Safety is important in all that we do. I ask that the commission moves swiftly to allow the project to be completed in a timely manner.

Sincerely,

Captain Jonathan C. Kemmerley
President, The Pilots' Association for the Bay & River Delaware
